JEWELLERY

Style

Terracotta jewellery

Stage 1: Preparing Materials and Tools

. Gather Materials & Tools:

- Terracotta clay, acrylic paints, jewelry findings (like earring hooks, chains, etc.), glue, and varnish.
- Tools: Rolling pin, clay carving tools, baking tray, and sandpaper.

Shape the Clay

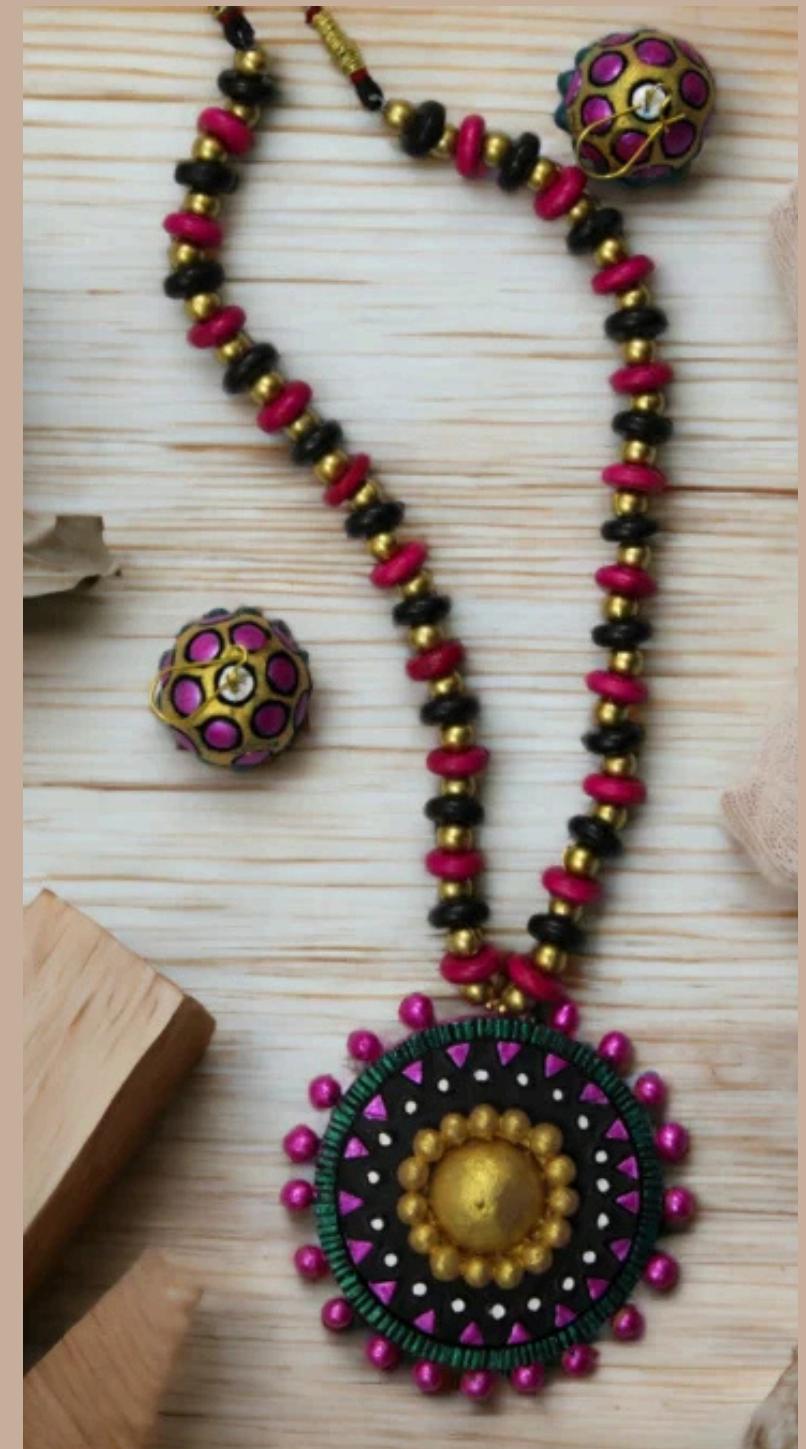

- Knead the clay to make it soft.
- Roll it out and cut shapes (like circles for pendants or beads).
- Add textures with stamps or carving tools.
- Poke holes for hanging or threading.

Dry & Fire

Style

- Let the clay pieces air dry (a few hours to overnight).
- Bake in the oven at 250°F (121°C) for 30-40 minutes, or fire in a kiln if you have one.

Style

Paint

Use bright acrylics. Add shading or metallic colors (gold/copper).

Tips for Beginners

- Keep clay moist while working.
- Start with simple shapes before detailed designs.
- Practice symmetry for earrings.
- Let every layer dry properly to avoid cracks.
